Dear Sirs:

I am writing in support of KAZV regarding the notice they received from Charter Cable, serving Turlock, Ceres, Riverbank, Hughson, Empire, Waterford, Salida, and the unincorporated county, about taking them off the system on March 1, 2012.

As the only arts service organization in Stanislaus County serving the Central Valley and beyond, we want to keep KAZV on the air. George Baker does an amazing job and is a great supporter of ALL the arts and the citizens of our county. George has background, intelligence, and spirit; and he is a master at interviewing and helping our many nonprofit organizations.

It's important to have local issues and news, and KAZV is one of the few places that happens.

Thank you for considering of our views.

Sincerely,

Grace Lieberman  
Executive Director
